PROFESSIONAL EXPERIENCE

Product Manager
Mar 2026 – Present

Begig | Bangalore, IN

- Lead product discovery and scoping for AI-enabled client engagements, translating business requirements into PRDs, user flows, and MVP definitions.
- Coordinate end-to-end delivery of RAG-based chatbots, AI voice agents, and Slack-integrated workflow automations using n8n, GoHighLevel, ElevenLabs, and vector databases.
- Manage 5–8 concurrent client engagements, aligning freelancers, clients, and stakeholders on scope, timelines, and business outcomes.
- Built SOPs and execution frameworks that improved delivery consistency and reduced project turnaround time by ~20%.

Associate Technical Consultant
Jul 2022 – Aug 2025

Adobe | Bangalore, IN

- Shipped 8 customer-facing features on AEM that reduced onboarding churn and contributed to 3× ROI.
- Launched 7 web products on AEM and AEMaaCS, owning end-to-end delivery from requirements through release.
- Led discovery and requirement prioritization across 5 feature launches, streamlining sprint processes to improve delivery velocity by 7%.
- Analyzed product-usage and onboarding-funnel data with SQL and Adobe Analytics to pinpoint drop-off points, informing prioritization that improved onboarding outcomes.
- Partnered with design, engineering, and business teams to define feature requirements and align on MVP scope.

EDUCATION

Career Accelerator Program – Product Management
May 2023 – Sep 2023

Upraised | Bangalore, IN

- Focus areas: Structured Thinking, Data Analytics, Metrics, Product Design, Product Strategy, and PRD writing.

B.Tech, Electrical and Electronics Engineering
Jul 2018 – Jul 2022

Vellore Institute of Technology, Vellore, TN | CGPA: 8.57 / 10
